

Selected Slovak - Bulgarian Projects 2016 - 2017

ГОДИН "НАУЧНО ИСЛЕДОВАНИЕ"
ИЗПЪЛНИТЕЛЕН СЪБЕТ

BG Project number	Project	Bulgarian Institution	Bulgarian Principal Investigator	First stage	Second stage	Total
SL01/15	Adaptation of Some In Vitro Propagated Medicinal Plants under Conditions of Bulgaria and Slovakia	Institute of Plant Physiology and Genetics - Bulgarian Academy of Sciences	Assoc. Prof. Dr. Ira Stancheva	5085	5085	10170
SL01/19	Evaluation of Drought Stress Response Based on the Investigation of the Relationship between Photosynthesis and Nitrogen Metabolism of Modern Bulgarian and Slovak Bread Wheat varieties	Institute of Plant Physiology and Genetics, Bulgarian Academy of Sciences	Assoc. Prof. Svetlana P. Landjeva	5085	5085	10170
SL01/04	Photocatalytic Purification of Contaminated Water and Air Using Nanostructured Materials	Bulgarian Academy of Sciences, Institute of Catalysis	Assoc. Prof. Alexander Elyas, PhD.	5085	5085	10170
SL01/10	Climate Oscillation and vegetation Composition in Central and Eastern Paratethys during the Miocene	Institute of Biodiversity and Ecosystem Research, Bulgarian Academy of Sciences	Prof. Dr. Dimitar Ivanov, DrSc.	5085	5085	10170
SL01/17	Functioning of the Local Production systems in the Conditions of Economic Crisis in Bulgaria and Slovakia	University of National and World Economy	Prof. Stanka Tonkova, DrSc.	4810	4890	9700
SL01/01	Application of ion associates in microextraction techniques; development of the methods for determination of selected analytes	Plovdiv University "Paisii Hilendarski", Faculty of Chemistry	Assoc. prof. Kiril Gavazov, PhD.	5085	5085	10170
SL01/26	Evaluation, Selection and Exchange of Barley Genotypes with Added Value for Various breeding Purposes in Agro-ecological Conditions of Slovak Republic and Republic of Bulgaria	Institute of Agriculture - Karnobat	Asst. Prof. Darina Valcheva, PhD.	5070	5070	10140
SL01/03	Collection and Research of Genetic Material of Local Origin of Grass Forage Species for the Need of Selection	Research Institute of Mountain Stockbreeding and Agriculture (RIMSA)	Assoc. prof. Dr. Tsvetoslav Mihovsky	5070	5070	10140
SL01/24	Synthesis, Dynamic Stereochemistry and Applications of Novel Ligands and Their Catalytically Relevant Organometallic Complexes	Institute of Organic Chemistry with Centre of Phytochemistry, Bulgarian Academy of Sciences	Assoc. Prof. Dr. Nikolay Georgiev Vassilev	5085	5085	10170
SL01/25	Nano-structuring by Electron Beam Lithography for Sensor Application	Institute of Electronics, Bulgarian Academy of Sciences (IE BAN)	Prof. Katia Vutova, DrSc.	5085	5085	10170
SL01/02	Forecasting and Control of the Selected Species of Grapholitha and Cytia by Use of New ecological methodz for sustainable agriculture	Fruit Growing Institute Plovdiv	Assoc. Prof. Dr. Vesselin Alexandrov Arnaudov	5085	5085	10170
SL01/18	Nanoparticle Activated Synthetic Zeolite from Coal Fly Ash for Water Remediation	Technical University of Sofia, Department of Thermal and Nuclear Power Engineering	Assoc. Prof. Dr. Silviya Vasileva Boycheva	5085	5085	10170
SL01/06	Impact of Excessive Nitrogen and Metal Pollution on Plant Defense Mechanisms	Institute of Biophysics and Biomedical Engineering, Bulgarian Academy of Sciences	Prof. Emilia Apostolova, PhD.	5085	5085	10170
SL01/21	Alpine-Balkan-Carpathian Upper Jurassic - Lower Cretaceous Zonations on Microfossils, Microfacies and Reconstruction of	Bulgarian Academy of Sciences, Geological Institute	Prof. Iskra Lakova	5085	5085	10170
				65800	65880	131680
